10. Charging time: 4-5 hours
11. Battery capacity: 200mA
12. Active working time: 100 hours
13. Lithium battery life: 3 years
14. Key strength: 80+/-10g
15. Key life: 5 million strokes
16. Operating temperature: -10 -/+ 55C

GETTING STARTED

1. Button

OFF/ON Power switch: slide the switch left or right to turn the keyboard ON or OFF

Connect Connect button: press when ready to connect to your tablet

2. Indicators

Power indicator: the light will be on for around 4 seconds, and then it will go off.

Bluetooth connection indicator: Press the connect button and the light will start blinking. This means that the keyboard is ready to connect to your tablet.

CAPS indicator: lights up when you're using uppercase letters, turns off if when you're using lowercase letters.

Charging indicator: lights up during the charging process.

CAUTION

- * We recommend shutting off the keyboard when not in use for a longer time period.
- * We recommend charging the keyboard only once the power light starts blinking. Ideal charging time: two hours, at least.

ENERGY SAVING: SLEEP MODE

The keyboard will go into sleep mode after being inactive for 15 minutes, and the power indicator light will go off. Simply press any key and wait for 3 seconds to activate the keyboard again.

TROUBLESHOOTING

1. Make sure that you turned on the keyboard correctly (the power indicator should be lit)
2. Make sure that the keyboard is within operating distance (10 meters)
3. Make sure that the battery is well charged
4. Make sure that Bluetooth on your tablet is ON and properly connected
5. Press the "Connect" key, check the Bluetooth status

CLEANING

You can clean the keyboard with water, alcohol, or alcohol-based disinfectant

CHARGING

When the battery is low, the power indicator will start flashing - that means that it's time to recharge your keyboard.

1. Connect the USB cable to the keyboard
2. Connect the cable to the power adapter or a PC USB interface
3. The charging indicator will light up during the charging process. Once the battery is fully charged, the indicator will go off.

HOW TO CONNECT

1. Set the Power switch button to "ON", the power indicator light will flash for 4 seconds.
2. Press the Connect button and the Bluetooth indicator will light up when ready to connect.
3. Activate Bluetooth in your tablet settings. If a PIN is requested, try with 1914 and press Enter.
