How to power on?

- Press the red button for 2.5 seconds.

How to power off?

- Make sure the keypad is unlocked, then press the red button for 2.5 seconds.

How to use a flashlight?

- Just press the No.15 button on the side to turn on or turn off the flashlight.

How to use the SOS function?

SOS settings

- Status: Set the function on or off here:
- SOS numbers: This is very important, you can set no more than 5 telephone numbers here. When you press the SOS button, the phone will dial the numbers one by one automatically.
- SOS SMS: You can edit SMS
- SOS SMS ON/OFF: You can turn on or off SOS message

How to make a call?

1. Input a telephone number and press the left green button
2. Find a contact in the phonebook and press the left green button
3. SOS special dial: press the SOS button and the phone will dial pre-set SOS number automatically
4. Speed dial: long press numbers 1-9 or */# (you can set it in settings/speed dial)

Volume adjustment

Press the side button + or - to adjust the volume.

How to change ringtone/message tone/volume?

Go to Settings → Profiles → General → Customize

Restore to factory settings:

Settings → Phone settings → Restore factory settings → Password is 1234

FAQ

1. SIM card: supports nano and micro SIM, but it is best to use a standard SIM card.

2. Does this phone work on 3G network?

No, it is 2G GSM phone, supports quad bands: 850/900/1800/1900

3. Is the phone unlocked?

Yes, all Artfone phones are unlocked and work well on 2G GSM networks around the world.

4. Does the phone packaging include earphones?

No, but it has a 3.5mm port, compatible with most earphones on the market.
