FAQ

Q I hear crackling noises

A Bluetooth is a radio technology that is sensitive to objects between the Jabra Tour and the connected device. Ensure the Jabra Tour and the connected device are within 33 feet (10 meters) of each other, with no major objects in the way (walls, etc.).

Q I cannot hear anything

A - Increase the speaker volume.
- Ensure the Jabra Tour is paired to a device that is playing.
- Make sure your phone is connected to the Jabra Tour by tapping the Answer/End button.

Q I am having pairing problems

A You may have deleted the Jabra Tour pairing connection in your mobile phone. Follow the pairing instructions.

Q Will the Jabra Tour work with other Bluetooth equipment?

A The Jabra Tour is designed to work with Bluetooth mobile phones. It can also support other Bluetooth devices that are compliant with Bluetooth version 1.1 or higher and support a headset, hands-free and/or advance audio distribution profile.

Q I cannot use Reject call, call on hold, Redial or voice dialing

A These features require your mobile phone to support a hands-free profile. Refer to your mobile phone user manual for more details.

Q My voice button does not work

A This feature requires your mobile phone to support voice commands. Refer to your mobile phone user manual for more details.

HOW TO CARE FOR YOUR JABRA TOUR

- Always store the Jabra Tour with the power off and safely protected.
- Avoid storage at extreme temperatures (above °C/113°F or below -10°C/14°F). This can shorten battery life and may affect operation. High temperatures may also degrade performance.
- Do not expose the Jabra Tour to rain or other liquids.
